Sir:

The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 C.F.R. §1.137(b) was unintentional.

Applicants filed a response to the Office Action of March 31, 2003 on September 2, 2003. Thereafter, Applicants did not receive any further communication from the U.S. Patent and Trademark Office. On March 2, 2004, Applicants filed a Status Request (copy attached with date stamped postcard). No response to the status request was received. The undersigned attempted to contact the Examiner of record to ascertain the status of the application on or about July 27, 2006, at which time a second Status Request was filed, a date stamped copy of which is also enclosed. The undersigned received a voicemail response from the Examiner indicating that the application had been abandoned for failure to respond to an Office Action dated November 24, 2003, which Office

Action, as noted above, was not received. Thereafter, on August 3, 2006, the undersigned issued a Power to Inspect to Landon IP, Inc. in order to obtain access to the file and copy the Office Action and Notice of Abandonment, which Notice also was not previously received.

In view of the above, Applicants filed the instant petition to revive the application.

Respectfully submitted,

August 23, 2006
